

Camp Patiya Facilities

The basic usage fee includes water (in the utility room) and includes use of the rest room May-September. October – April the water is off. Latrines are available year-round. **Bring your own Toilet Paper.**

Boy Scout Troops: Please bring your own water to help reduce the load on our well.

The Nancy Nixon Lodge has a fireplace, a food storage/prep room with a refrigerator, and an adjacent cook shelter with several picnic tables and 3 charcoal fireplaces for cooking. There are tables and chairs in the lodge for your use, making it an ideal training or planning facility. Maximum sleeping capacity is 12.

The OA-Frame is smaller and better insulated than the Lodge, making it more cozy in the winter months. There is also an adjacent campsite or picnic area with tables and a fire pit. Maximum sleeping capacity is 6 in the building plus 10 at the campsite.

The camp is adjacent to Walker Ranch (Boulder County Open Space). You can access the open space via gates on the West and South sides of the camp. This is a great area for hiking, orienteering, etc.

There is a phone (for emergency and unit business use) on the porch of the Camp Master's Cabin (uphill to the North from the Lodge). Another phone is inside the Lodge.

The utility room has sinks you can use for washing. If you wash dishes here, you **MUST** scrape and pre-wipe food waste into the trash. Do not wash solids down the drain.

Each campsite has at least one fire pit, one or more picnic tables, and a waste water sump (8" PVC pipe) for grey water (dishwater). Please strain food solids into the trash, and do not dump them into the sump.

Hebner has a covered picnic table area and several fire pits. Arapahoe has a teepee shelter.

The utility room, rest room, cook shelter next to Nixon Lodge, campfire ring, pioneering area, axe yard, instruction/chapel area, and latrines are cooperatively shared amongst all users of the camp.

There are some pioneering poles near the pump house (just north of the Fisher campsite) for your use. Bring your own rope and stack the poles back neatly when you are done.

Access to the camp (campsites, Lodge, etc) is by foot. You cannot drive to your campsite. The inner gate is locked and is for fire and maintenance access only. If you have a disability-related need for vehicle access, please arrange this in advance (note this on your registration).

Thursday or Friday before your use, pick up keys, parking permits, and lock combinations from the Louisville Office. Call ahead if other arrangements need to be made.

Registration Policies

Fees are based on your total stay: the total number of people (youth plus adults) times the number of nights you are camping (or 1 in the case of day-use).

Payment is due with your registration and there are no refunds. Registrations will not be processed without payment. You may increase your numbers any time after the initial reservation, providing there is still room at camp. When you add people, pay the additional usage fees at that time.

The camp operates under strict usage limits imposed by Boulder County, thus it is important that your numbers be accurate and honest. Inaccurate estimates may affect usage by other units, or put us in non-compliance with the county. Please inform the council if you cancel your event or significantly reduce your numbers, as this may allow others to use the camp.

The camp inspection will happen within a few days following your use. If there are damages you will be sent a notice of damages and estimated cost for repair/replacement. If there is more than one unit in camp at a time, a determination will be made on responsible party(ies) to compensate for damages.

In the case of accidental and reported damage, a damage fee to cover the cost of repairs, may be assessed. In cases of neglect (lights or water left on, trash not removed, fires left hot, etc) fines may be levied. In cases of intentional or excessive damage, your unit may also lose the right to use council camps and facilities.

When multiple units are using the camp, the responsibility for keeping camp clean is shared amongst all users. For reserved campsites and buildings, the responsibility belongs to the unit that reserved it. For shared areas, the responsibility will be shared (and thus fines may be shared as well).

Contact Cindy Batt at the Greeley office (970-584-2202 or campregistration@longspeakbsa.org) to inquire about availability of the camp and desired dates, sites, or facilities, or to inquire about usage beyond a weekend.

If part of your registration request is denied (due to prior reservations), you will be given an opportunity to change or cancel your request. You will be charged only when your updated registration request is accepted.

All reservation requests must be made at least two weeks in advance of requested use dates.
